Says Canada Not the New U.S. Frontier

By MAX HARRELSON

OTTAWA (AP)—U.S. criticism will not change Canada's defense policies, Defense Minister Douglas Harkness told the House of Commons Thursday night. Opposition parties stepped up their attacks on the government but rallied behind Prime Minister John G. Diefenbaker's charge that Washington was butting into Canadian affairs.

An emergency debate in Commons brought no attempt to topple Diefenbaker's Conservative government. But the groundwork clearly was being laid for an election for a general election on the nuclear weapons controversy.

The U.S. State Department raised the controversy to crisis pitch with a charge Wednesday that Canada, by failing to accept American nuclear arms, is dragging its feet in the defense of North America and the North Atlantic Treaty Organization.

The debate took place as speculation mounted that Diefenbaker will dissolve Parliament and call for a general election on the nuclear arms issue. But the prime minister remained silent after accusing the State Department of "unwarranted intrusion" in Canada's affairs.

The emergency debate ended with neither side satisfied. The House was scheduled to return today to routine business.

The controversy was branching off into two phases:

- Condemnation by both Diefenbaker's Conservatives and his opposition of the State Department for criticizing Canada's defense policies and for doing it in a press release.

- A domestic political issue in which Diefenbaker is being criticized by the opposition on a charge of refusing to say clearly whether Canada will accept a nuclear role. In this, the opposition blames Diefenbaker for causing the U.S. criticism.

Harkness told Commons that the U.S. note presented an obstacle to agreement with the United States on accepting nuclear weapons.

But he drew jeers and laughs when he said Canada's policy is "clear and responsible." He said the government plans the same course it has followed in the past

C. C. Hears Panel-Type Program

MORE THAN 200 TURNED OUT FOR A BANQUET-LESS ANNUAL MEETING OF HOPE CHAMBER OF COMMERCE IN THE CITY HALL AUDITORIUM ON Tuesday night. Instead of the usual formal speeches of a banquet meeting the members heard a panel discussion under the auspices of the Arkansas Industrial Development Commission, introduced by Haskell Jones, new C of C president.

THE PANELISTS — LEFT TO RIGHT: AL POLLARD, Little Rock, of the Brooks-Pollard Advertising Agency; Leon Kuhn, Texarkana, area member of the Arkansas Industrial Development Commission; Roy Lambert, marketing specialist with the Arkansas Extension Service; William P. Rock, executive di-

rector of the AIDC; Ray Taylor, community services director of the AIDC; Austin Vines, director of the Arkansas Extension Service and Thomas Pegelow, district manager for the Birdseye Frozen Food Products, Searcy, Ark.

'Dollarshed' Plan Outlined at C of C Meet

Over 200 persons attended a Town Hall type meeting last night at Hope City Hall called by the Chamber of Commerce to discuss coordination of industry and agriculture development on both a local and area level. This meeting was in lieu of the annual Chamber of Commerce dinner.

Chamber of Commerce President Haskell Jones said other meetings of this type would be held in the future. Here's what developed:

Arkansas Industrial Development Commission representatives William Rock, and Ray Taylor explained the new Dollarshed move in Arkansas. The state has been divided into 14 areas. Hempstead is in Region 8 along with Sevier, Miller, Nevada, Little River, Lafayette and Howard counties. This area, or the seven counties, rank eighth in Arkansas in retail sales.

Mrs. Rock explained that the AIDC will work more with areas than individual counties. Many times, he explained, one city or county could not supply the demands of a potential new industry when an area of several counties could meet requirements. Thus the Dollarshed plan which will give the region a better chance at additional industry.

Thomas Pegelow, Searcy, district manager for Birdseye Food Products, told the meeting that his firm wanted more acreage in this area planted in peas, okra and other farm products which his firm uses. "We would like to buy all our products in Arkansas for the Searcy processing plant," he declared.

Gerber Food Products also was represented as was the Kroger and Safeway grocery firms. They all want purchase more Arkansas food products. Gerber already has peach acreage but wants other products as well.

Chamber of Commerce Director B. N. Holt gave these statistics on employment in Hempstead. There are over 4,680 persons em-

Methodists to Hear Dr. Chappell

Dr. R. H. Chappell, Texarkana, will speak at First Methodist Church Sunday night at 7 o'clock. He is the son of Dr. Clovis Chappell, Methodist minister who is author of 39 books of sermons.

Dr. Chappell served as a medical missionary to India for two years. He will discuss "Christian Missions on the Rim of Asia." There will be a snack supper at the church at 6:30 p.m. The Nursery will be open.

JFK Orders Nuclear Test Resumption

WASHINGTON (AP)—President Kennedy is ordering resumption of preparations for a new underground nuclear test shot in Nevada following breakdown of talks with Russia on a test-ban treaty. Secretary of State Dean Rusk told a news conference today that after Soviet representatives gave notice in New York Thursday that they wanted to call off further test-ban discussions until the reopening of the disarmament conference at Geneva Feb. 12.

Rusk also made two other major points at his first meeting with reporters since before Christmas: 1. The United States "regrets" any offense it may have given Canada by its statement Wednesday on Canada's nuclear weapons policy. But the statement was required, Rusk insisted, because of public debate at Ottawa of issues in secret discussions between the two countries.

2. If Soviet troops "dig in" in Cuba instead of pulling out, the United States will have to consider carefully whether to apply President Kennedy's warning that a prolonged Russian military presence in Cuba would not be tolerated.

Fog Blankets Much of Arkansas

Much of Arkansas was blanketed by fog and dampened by drizzle this morning, and icy roads were reported in the northern half of the state.

State Police said highways were iced over from Harrison to the Missouri border, and driving conditions also were hazardous in much of the rest of northwest Arkansas.

Overnight lows were generally above freezing, ranging from the high 20s to the high 30s. Warm, moist air moving in from the Gulf coast was expected to push temperatures into the low 60s in southwest Arkansas this afternoon. The warmer weather was expected to continue through Saturday.

Highs of 45 to 50 were forecast for the northeast portion of the state today, and lows tonight were expected to be near 40 northeast and in the 50s south.

Partly cloudy skies were predicted for tonight and Saturday, with occasional light drizzle expected today.

Sub-freezing temperatures were expected to return to the state Sunday as a cold front pushed in from the north.

Weights Bill Introduced in House, Senate

First Lead Legislature, LR8 LITTLE ROCK (AP) — Important bills to increase truck weights and license fees were introduced in the Arkansas House and Senate today in brief sessions before a weekend recess.

A third bill in the package would move the Weights and Standards Division from the State Police to the Highway Department.

The truck weight limit would be increased from 64,000 to 73,200 pounds, and the license fee for trucks of over 64,000 pounds would be boosted 5 per cent.

The House changed its rules today to force its committees to either approve or reject bills. Many bills have been sent back to the floor without recommendation, and some members said this makes the committee system useless.

The House passed a bill to appropriate \$4,500 to set up a pilot food stamp program in Independence County.

The financial future of the Land Department hangs on the political skill of Perry County Rep. Paul Van Dalsen after action in the legislature Thursday.

Van Dalsen succeeded Thursday in staving off passage of the general appropriations bill in the House while he tries to work out a compromise to give the Land Department more than the \$38,970 a year recommended by the Legislative Council.

The House voted 64-1 for the general money bill but it needed 75 "yes" to pass. Van Dalsen cast the "no" vote so he could move for reconsideration, probably Monday.

He said he would work over the weekend on a compromise.

"Some of the boys feel we've spanked (Land Commissioner) Sam (Jones), enough," Van Dalsen said. "Now they think we should give him enough money to operate his agency."

Van Dalsen tried unsuccessfully Wednesday to amend the general bill to increase the Land Department appropriation which was cut from the present \$73,100 a year after a Legislative Council committee recommended abolishing the agency.

Legislators opposed to the Land Department increase said Van Dalsen talked some House members into "taking a walk" during the vote on the general bill so it would not pass.

Van Dalsen apparently has enough votes to block passage of the bill if he doesn't get his way.

Presbyterians Plan School of Missions

The Presbyterian Church will begin a special series of Sunday Night Suppers and a School of Missions Sunday. The session will begin at six o'clock with a ten-minute devotional by Elder James H. Pitkin, followed by a Light Potluck Supper. Then the group will divide into sections according to ages for study of "The Rim of Asia."

The Adult Group will be led this coming Sunday by Mrs. Dick Watkins, the Senior High Group will meet with their sponsor, Mrs. W. E. Waller and the Junior High Group with Mrs. Haskell Jones. Primary and Junior Groups will meet with Mrs. L. T. Lawrence. Younger children and babies will stay in the Nursery.

Rice bowls with chop sticks are to be placed on the tables to remind the people present that there are desperately hungry folks in the world. Proverbs from several Asian countries have been prepared for display. Miss Becky Waller has painted a dragon. The dragon in the Rim Countries is deemed all-powerful. It is carried in parades, especially on New Year's to bring good luck.

The Suppers will continue through February.

State Revenue \$16.4 Million

LITTLE ROCK (AP) — State Revenue Commissioner Ted Donham said Thursday the Revenue Department collected \$16,494,204 in special and general revenues in January.

General revenues, spent for education, welfare and similar services, were \$8,239,438. Donham said, and special revenues, which go primarily into the Highway fund, \$8,254,766.

Donham said this was down \$41,056 from the same period a year ago. He attributed the decline to a delay in processing vehicle license receipts.

The breakdowns reported by Donham showed:

Sales tax, \$5,481,905, up \$176,204 over January, 1962; income tax, \$607,825, up \$103,590; gasoline tax, \$3,685,629; auto license fees \$603,979 and cigarette tax \$801,410

Many Hurt in Turkey Air Crash

ISTANBUL, Turkey (AP) — A Middle East Airlines passenger plane crashed in the center of Ankara today, causing hundreds of casualties on the ground.

Turkish civil air officials and the Ankara fire department said the number of dead had not been established. They said about 150 were injured. Radio Ankara called for blood donors.

The MEA office confirmed that their plane out of Nicosia, Cyprus, crashed in Ulus Square, the center of the capital.

There were reports that the plane exploded in the air. Other reports said the plane collided in flight with a military transport plane.

New Post Office

SPRINGDALE, Ark. (AP) — Postmaster General J. Edward Day announced Thursday plans for construction of a new Springdale post office. The structure would have 7,750 square feet of floor space and would be located three blocks from the downtown commercial section. Date for taking of bids was not given.

played. He listed 1,202 in manufacturing and processing; 309 in retail employment; 1,500 agriculture workers; 813 in services such as gasoline stations, shops etc.; 136 in utilities and transportation; 99 in auto agencies; 415 city, county, state and federal positions; 146 in wholesale and distributing.

Mrs. Freeda Grennart, president of Corn Belt Hatcheries, gave a progress report on Delight Egg Farms laying houses and egg depot. She said 72,000 laying hens at the plant were now producing a half a million eggs per week. Completion of the Egg Depot is expected in April.

Throughout the discussion the importance of agriculture and industry for a balanced economy was stressed.

Al Pollard, Brooks-Pollard Advertising Agency, Little Rock, acted as master of ceremonies. Others in the discussion were Leon Kuhn, Texarkana, area member of the AIDC; Roy Lambert, marketing specialist and Austin Vines, director of the Arkansas Extension Service.

The next major project of the Hope Chamber of Commerce will be the one day BLITZ Membership Drive on Tuesday, February 5th. Workers will meet at the Diamond at 9:00 a.m. for coffee and donuts and go out as teams to try to work the whole town in just a few hours. The Chamber will give frequent radio reports all day on the progress of the BLITZ. With 2 or 3 good industrial prospects on the line now and agricultural growth very imminent, Hope's future can be brightened considerably with an adequate budget to carry on. The Chamber has a proposed budget of \$12,500.00 and all persons asked to join may see a copy of the budget. Remember the chamber slogan — "It's up to me in '63" . . . Will you give a minimum of \$50.00 to see our town grow in '63?

Bars Wide Mouth Sugar Bowls

LITTLE ROCK (AP) — Arkansas restaurant owners were notified Thursday by the state Health Department they will have to get rid of all wide-mouth sugar bowls by next Thursday.

The department ruled illegal use of bowls into which customers could dip spoons. Restaurants must now use canisters which pour sugar into spoons, or similar vessels.

The board also changed its ruling on the percentage of water allowed in hamburger meat.

The old rule said the meat shall not contain more than three per cent water. Hamburger meat naturally contains that much, so the rule was altered to read "three per cent of added water."

In other action the board revised a regulation to permit air freight of human bodies in airtight caskets. It also changed milk regulations to make Grade A permits expire each Dec. 31.

Dr. John W. Dorman of Springdale was elected president of the board. He succeeds Dr. C. C. Archer of Conway.

Casual simplicity is evident in the design of handbags for spring and summer. The soft leather bag (left) is trimmed in brass. It can be carried gracefully through the oval opening. Designed for the girl on the go, the leather satchel bag (right) is created in a compact size with roomy outside pocket. Colors include black, navy, red and bone.

DOROTHY DIX

Son Ashamed of His Parents

By HELEN WORDEN ERSKINE Conn.

Dear Helen: Our eldest son met and married a girl with money, family and social background. My husband and I are poor, working people who live simply.

The wedding was in her big home on the hill. We went and felt very out-of-place. None of our friends were there. My son seemed to avoid us.

At the wedding breakfast he stood up, looking so handsome in his new Tuxedo and proposed a toast to her folks but nary a mention of us. Her folks were pleasant, showed us through the house, invited us to see the presents (my silver candlesticks which I'd brought from my homeland, Switzerland, looked as well as any) and did their best to make us feel at home.

We didn't see him again until after the honeymoon when he and wife stopped by to pick up some of his things. I said, Son, "I miss you." He said, "I travel in a different crowd now—moneyed people who will help me get ahead. He's joined her church where, as he put it, All the best people go."

There was a time that of a Sunday he'd take me and his father out for a ride. No more. We're lucky if he drops by once a week for a few minutes.

Last night he and his wife gave a big party in their new home and didn't invite us. When I mentioned this to my husband he said, "To h— with them! And if you say another word on the subject I'll take my hat and go forever." Please advise me what to do. —Desolate

Dear Desolate: Reverse your thinking. Poverty is no disgrace. The things which count in the world are loyalty, self-respect, compassion, kindness and above all—love. Don't be over-awed by the family into which your son married. From what you say, they are very decent people.

Rejoice in his good fortune. If he is selfish and sets high value on material things, it may be because of his early training. It isn't your husband, or your son, or the rich girl whom he married that is your trouble — it is yourself.

Don't expect your son to continue as he was. Accept the fact he must devote himself to his wife. Greet him with a smile when he does come and a hug when he goes. Praise, instead of accuse. Be a person in whom your boy and his wife can really take pride.

Dear Helen: I want to make some money a theme. It seems to me there would be a ready market for my specialty, fancy yeast bread. My question is do I need a license for this? —Mrs. J. R. Thompson, West Haven,

you have a family physician; consult him.

Have you a problem? Perhaps Helen Worden Erskine can help you. Write her in care of this newspaper, enclosing a stamped, self-addressed envelope.

U of A to Get Science Building

FAYETTEVILLE, Ark. (AP) — An apparent low bid of \$687,000 was submitted Thursday by the Harmon Construction Company of Oklahoma City for construction of three new wings to the University of Arkansas Animal Science Center. The wings, which will complete the center, are scheduled to be finished by 1964. The National Institute of Health has granted \$150,000 for construction of research facilities at the center. The remainder of the cost will be borne by the state.

To Put River in Its Place

LITTLE ROCK (AP) — Army Engineers are preparing to literally put the Arkansas River "in its place."

The Little Rock district of the Corps of Engineers announced Thursday it is ready to dam the Arkansas-White River cutoff, halting a heavy deposit of silt into the White and forcing the Arkansas back into its proper channel.

The two rivers are now joined by the cutoff and the Arkansas is the culprit in silting the White. Damming of the cutoff will clear the lower channel of the White for navigation work.

Engineers said the Arkansas, as it flows down from Oklahoma, carries tons of sand and silt toward the Mississippi. But about one-fourth of it is going into the White through the channel. The dam will also prevent fur-

ther deterioration of the Arkansas River channel downstream from the cutoff. This part of the river will ultimately be a part of the authorized Arkansas River navigation project extending from the Mississippi to Tulsa, Okla.

Engineers said construction of the dam will begin about July 1. They asked anyone with objections to express them immediately.

Washington County, which took the place of Lovely County, was named for George Washington.

'63 Super Torque Ford Galaxie 500/XL 2-Door Hardtop

SPEND JUST 10 MINUTES TO DISCOVER THE RIDE FORD SPENT \$10 MILLION TO DEVELOP!

FORD SPENT \$10 MILLION TO GIVE THE '63 SUPER TORQUE FORD ITS NEW VELVET RIDE. UNTIL YOU SPEND 10 MINUTES BEHIND THE WHEEL, YOU CAN'T POSSIBLY KNOW HOW GREAT THIS NEW RIDE IS . . . AND YOUR FORD DEALER INVITES YOU TO DO JUST THAT! BUT BEFORE YOU GO, READ THESE FACTS:

Until now, the wheels of most cars simply moved up and down as they hit bumps, ruts, holes. But not with the '63 Super Torque Ford! Each wheel can now move back and forth too. As the wheel meets a bump, it can move back like a fighter to soften the blow. Result: This big and lively car has the newest ride on the road today—a smooth ride borrowed from the Thunderbird, and a way with corners that

until now was a Thunderbird secret! Add to this the comfort of deep-foam front seat cushions, new butyl body mounts, hundreds of other refinements, and you know why the road turns to velvet. Yes, this year the Super Torque Ford offers the look, the power—and now the feel of the Thunderbird! You won't believe it until you try it! So come in and discover this new \$10 million ride—today!

If You Don't Like Opera Don't Worry

By HAL BOYLE

NEW YORK (AP) - Do you sometimes feel like a cultural ignoramus because you prefer a musical comedy tune to many an operatic aria?

Well, be of good cheer. In the opinion of Earl Wrightson, one of America's top baritone, you may be showing superior judgment.

"I don't believe in high, middle or lowbrow music," he said.

"There's just good or bad music. There's good and bad opera, good and bad musical comedy, good and bad jazz."

"Opera is the national musical sport of Italy. Those who have been waiting for American opera to develop have overlooked the fact it is already here under their noses—in theater musical dramas such as 'Carousel,' 'South Pacific,' 'My Fair Lady,' 'Kiss Me Kate,' and a dozen others."

"They happen to be our musical art form, and it's a great one."

"The only beef I have against opera buffs is that they tend to look down on Broadway music which is often better than some traditional operas that really are only a form of yelling."

Wrightson's attitude is hardly a case of sour grapes. The big, bearded singer sang opera earlier in his career and in 1946 was offered a \$150 a week contract by the Metropolitan Opera Co. He turned it down, he says, for temperamental as well as financial reasons.

"You really have to be tremendously dedicated to a single goal to sing opera," he explained. "You have to work, work, work, study, study, study. Sometimes you wait for weeks to be called for a role."

"By that time I had learned to enjoy diversity more."

One of the busiest performers in his field, Wrightson has a hard time filling his schedule of television appearances, night club dates, summer shows, and concert engagements.

Earl, the son of a Methodist minister, quit a Baltimore high school to enter a conservatory after playing hooky 60 times in his junior year.

Wrightson worked for a time as a \$15-a-week NBC page boy, along with other such future stars as Gregory Peck, Gordon MacRae and Bert Parks. The same network paid him \$3,200 a week.

A jovial, zealous man, Earl says the life of a professional singer isn't all a matter of how to hit the right musical notes and where to invest the bank notes.

"It interferes terribly with your social life," he said. "You have to stay in training. You sing on vitality. Because singing draws so terribly on your energy, you have to store it up. You simply have to get your rest, no matter how much you may want to make the rounds of the town."

Waldo Blasts Bobcats in Non-Dist. Go

By CARTER HARDAGE

Last night a pair of tough little Waldo teams came rolling along and barreled over two Hope squads. First the Lady Cats were edged out 39-37, but then the Bobcats were really stunned 66-51.

It was neck and neck all the way for the Ladies, but Waldo managed to gain a 6-3 lead at the Quarter and then they hung on for dear life. At the Half, Hope came to a close 19-18. Waldo held on to their skimpy lead and it was 26-25. In the last Quarter, Waldo managed to gain a point and with the Lady Cats in possession of the ball, time ran out with the score 39-37. Scoring for Hope were: Shirley Smith, high with 16, Annette Hatfield 12, Janice Lloyd 9.

As for the Boys, Waldo came rattling into a cage and ready for a scrap. Popping into a 22-13 lead for the Quarter, Waldo led 35-26 at the Half. The Cats fell still further behind to 47-36 after the Quarter, and although they came close to pulling it out of the fire, Hope fell 66-51. Dan Jones was high man for Hope with 17 points. David Porterfield was next with 11. Followed by Russell and Murphy with 8 apiece, Purdie 6, and Burnett 1.

Saturday, Malvern, tied for District lead, journeys to Hope to try their skill on Hope's court. January 5, Hope fell 63-59 to Malvern playing there.

Comissioner Won't Yield to Pressure

MIAMI BEACH, Fla. (AP)—Commissioner Pete Rozelle of the National Football League refuses to yield to heavy pressure for a quick announcement on the pro football gambling probe and maintains he must wait until all available facts have been assembled.

The NFL's annual winter meetings ended Thursday but there still was no indication when Rozelle would make a report. Will it be two weeks, a month? Or when?

"I can't say," said Rozelle in answer to reporters' questions. "We realize the importance of speed but this must be complete. I have to say, just as I have been saying since Jan. 4 when the first stories of the investigation were printed, certain allegations have been made involving a number of people. Our investigation to date has developed no indication of acts of a criminal nature."

As the owners ended their business sessions there appeared to be concern, but not panic, about the situation and the parallel preliminary probe by the Senate investigating subcommittee headed by Sen. John L. McClellan, D-Ark.

Steel Owners Feel Cost, Price Squeeze

By ROGER LANE

AP Business News Writer
NEW YORK (AP)—Evidence mounted today that the cost-price squeeze in steel has become acute for the industry leaders.

The situation could have a bearing on whether the United Steel Workers Union picks up an option it can exercise after May 1 to press for higher wages or other benefits.

Bethlehem Steel Corp., the nation's second largest producer, reported Thursday that 1962 earnings had hit a 15-year low. Jones & Laughlin Steel Corp., ranking fourth, reported a sizable drop in profits from 1961.

The news followed by two days the disclosure that the No. 1 steelmaker, U.S. Steel Corp., had its poorest year for profits since 1952.

At a news conference after Bethlehem reported, Arthur B. Homer, board chairman, was asked about prospects for a reopening of wage negotiations.

"This is no time for any wage or employment cost increase," he replied. "It would be every bad for the economy and the steel industry. I'm hoping there won't be any. However, we don't know."

Agreeing with Roger M. Blough, U.S. Steel chief, Homer said there are indications that the union has a better understanding of industry problems.

Bethlehem said it had cleared \$28,677,761, or \$1.80, a share, last year, down from \$123,357,028, or \$2.54 a share, in 1961. The figure was the lowest since the company netted \$51.1 million in 1947, and less than half the \$191 million earned in 1957. Bethlehem's all-time high.

Homer said the lack of an increase in prices, higher employment costs, a continued relatively low level of general demand for steel, and a slump in Bethlehem's important shipbuilding operations had hurt profits.

Bethlehem was one of seven major producers that posed a \$6-a-ton increase in prices last April, then withdrew it in the face of a hostile response from President Kennedy and failure of some companies to go along.

Royal Pair Stranded in Canada

VANCOUVER, B.C. (AP)—A smiling Queen Elizabeth and Prince Philip stepped out of a jetliner here Thursday night after a flight of about 6,500 miles in which their plane was twice forced to turn back by foul weather.

After spending the night in a hotel, they were expected to resume their journey from England to Fiji, with a refueling stop at Honolulu. The queen and her husband plan a two-month tour of Fiji, Australia and New Zealand, parts of the British Commonwealth.

The royal couple took off from London Thursday for a scheduled 4,700-mile nonstop flight to Vancouver, B.C., in a British Overseas Airways Boeing 707 jet.

The pilot, Capt. Thomas Nisbet, 43, decided 30 minutes out of Vancouver to turn back to Edmonton, Alta., because of a snowstorm on the Canadian West Coast.

The plane spent five hours at Edmonton, where mechanical trouble developed in an inside port engine. Mechanics made repairs in zero weather, with wind and a light snow. The queen and Philip stayed in the plane, except to step to the top of the board ramp once and wave to a small crowd in the airport terminal.

The big plane, with 47 passengers and a crew of 12, took off at 7:37 p.m. Eastern Standard Time for Honolulu. Nine hundred miles out over the Pacific Ocean, Capt. J. T. Percy, who had taken over the controls in Edmonton, turned back.

Winds with gusts up to 70 miles an hour had closed Honolulu harbor, blown a roof off a hangar at Wheeler Air Force Base there and injured at least five persons.

The jet landed at Vancouver Airport at 12:55 a.m. Eastern Standard Time, exactly 11 hours from the time it was to have landed here originally.

In London, a BOAC spokesman said there had never been a diversion of a royal flight.

The queen wore a mink coat and Philip a camel-hair overcoat for their flight from England, gripped by the coldest winter in years.

260 Are Treated
ATLANTA, Ga. (AP)—Approximately 260 persons were treated at hospitals Wednesday for injuries resulting from falls on patches of ice that formed overnight in the metropolitan Atlanta area.

An estimated one-fourth of the casualties suffered broken bones, sprains, bruises, sprains and lacerations.

Nicklaus and Player Lead Golf Meet

By JIM BACON

PALM SPRINGS, Calif. (AP)—Jack Nicklaus and Gary Player, with hot putters, were one-two today as the \$50,000 Palm Springs golf classic went into its third round.

Arnold Palmer, the other member of golf's big three, was eight strokes behind and feeling mighty low about the whole thing.

Nicklaus, at 23 the youngest National Open champion since Bobby Jones, fashioned seven birdies—five of them on the back nine—for a 35-31 on the tough Tamarisk course, one of four layouts in the 90-hole event. Thursday's 66 paired with an opening 69, made him the solo leader at 135.

Player with a 67-69 was one strike behind as was young Bob Shave Jr., Willoughby, Ohio, who had identical two-day cards. Both played Tamarisk.

Palmer, still playing well off the tee but scrambling on the greens, shot a par 72 at Tamarisk. That with his opening 71 put him in a horde of 143 shooters.

"My putting is awful, just awful," moaned Palmer, a two-time winner of the classic.

Harold Kneec, first round co-leader, shot a 71 Thursday to go with his 66 opener to tie for third with 137. Johnny Pott (67-68) and Tommy Aaron (68-69) were in the same bracket.

There were no near misses reported and the \$50,000-added prize for a hole-in-one, which must be made over four selected holes, the shortest of which is 217 yards.

Young FDR Given Job by Kennedy

WASHINGTON (AP)—President Kennedy has selected Franklin D. Roosevelt Jr., a former campaign lieutenant and son of the late president, to be undersecretary of commerce.

If the Senate confirms the nomination, the 48-year-old Roosevelt will succeed Edward Gudemann, who is returning to private business, in the \$21,000-a-year post.

Announcement of Roosevelt's designation Thursday opened two avenues of speculation: That he might eventually succeed Luther H. Hodges as secretary of commerce or that he is being groomed for a Senate nomination.

Newsman asked Pierre Salinger, White House press secretary, if there was any understanding that Roosevelt would move up as secretary should Hodges resign. Salinger said he knew of no such understanding and Hodges issued a statement describing Roosevelt as "a dynamic and gifted person."

Roosevelt was elected to Congress from New York in 1949 and served two terms and part of a third. He makes his home in Washington, where he has a foreign auto agency, but the White House listed the appointment as from the state of New York.

Along with the Roosevelt nomination the White House announced Kennedy had picked Richard H. Holton of Berkeley, Calif., to be assistant secretary of commerce in charge of economic affairs. The \$20,000 post also is subject to Senate confirmation.

Workers Overcome
CRAWFORDSVILLE, Ind. (AP)—Carbon monoxide fumes from a gas heating system got into a factory air conditioner system Wednesday and overcame 38 missile parts workers.

Four ambulances took the victims to Culver Hospital, but all except two were released after treatment. The two, Betty Peacock and Lucile Foster, were to be held overnight, but doctors said their condition was not serious.

Atmospheric conditions were blamed for pressing the fumes from the heating system into an air intake pipe at the Plastene Corp. plant.

Woodrow Wilson, as a boy, worked at the Presbyterian Church in Augusta, Ga. (Woodruff County).

Razorbacks Are Beaten at Foul Line

TULSA, Okla. (AP)—Tulsa outscored Arkansas in the first half to gain the edge for a 68-66 victory over Arkansas Thursday night in a non-conference basketball game.

The Oklahomaans scored 34 points in the first half to 28 for Arkansas, then staved off a late Razorback surge to win the game. Both teams tallied 36 points in the final period.

Jim Magness led Arkansas into the drive that closed a 10-point gap Oklahoma had opened in the second half, but the Porkers couldn't gain the lead.

Inaccuracy at the free throw line spelled doom for Arkansas. The Razorbacks hit only 14 of 28 free throws while Tulsa made 26 to 38. Arkansas outshot Tulsa from the field, 26-21.

Larry Berke of Tulsa was game high scorer with 20. Charles Gripado had 16.

Jim Magness paced Arkansas with 16.

Both teams were cold from the field, with Tulsa hitting only 35 per cent of its shots and Arkansas only 35.

The victory gave Tulsa an 11-4 record and Arkansas a 7-7 card.
